

## 2.2 Corporate Philosophy

Comtronic

the name stands for very high product quality, innovation, product safety and reliability  
And yet Comtronic is not just a specialist for operating and control elements for the aerospace industry.

Behind the success of our company for more than 50 years there is a very special company philosophy and common values which determine our daily work  
Whether in Germany, where Comtronic has its origin, or in other European countries even worldwide, our customers and products can be found.

Visionary thinking drives us to achieve ever new milestones and ensures the sustainable development of our company.

All employees are encouraged to contribute their ideas and creativity.

Demanding and promoting performance is an integral part of our corporate culture.

Acting optimistically, responsibly and in mutual respect are the guidelines we live by.

Comtronic is a TEAM

T      Team-oriented and innovative  
E      Excellent in meeting customer requirements.  
A      Ambitious and environmentally conscious  
M      Motivated for new challenges
